

POGGEMEYER
DESIGN GROUP
A Kleinfelder Company

DESIGN SOLUTIONS

Engineers • Architects • Planners

Community Partner for Over

50

Years

For over 50 years, Poggemeyer Design Group (PDG) has provided innovative engineering, architecture and planning solutions for the needs of our governmental, commercial, industrial, and private sector clients.

Building and maintaining client relationships is our core focus, ensuring seamless comprehensive services that span the entire life cycle of the project. We are a multi-disciplined design firm, with an experienced team of environmental, civil, structural, and transportation engineers, architects and planners working together to offer all of these services under one roof.

Our qualified funding specialists evaluate potential resources and pursue grant and low-interest loan funds to make your project a reality.

\$1.2
BILLION
Over \$1.2 Billion
in Grant and
Low-Interest
Loan Assistance

Our team of funding specialists have helped communities secure more than \$1.2 Billion in grants and low-interest loans. We are uniquely qualified to evaluate potential resources and pursue grant and low-interest loan funds, as well as other incentives. We not only help get projects funded, we help administer those funds. Our client-focused service has resulted in mutually beneficial, ongoing relationships with more than 800 communities, organizations and industries.

ENVIRONMENTAL

- Plan Reviews
- Sanitary Sewer Systems
- I/I Analysis
- Project Conceptualization
- Feasibility Studies and Economic Evaluations
- Financing Recommendations
- GIS Mapping
- Preliminary Reports, Plans and Cost Estimates
- Federal/State Regulations Compliance
- Rate Review and Analysis
- Compliance with Local/Municipal Regulations
- Detailed Plans and Cost Estimates
- Construction and Materials Specifications
- Bidding and Contract Documents
- Contract Administration
- Construction Layout/Observation

Operations Assistance

- Start-Up Assistance
- Project Close-Out
- Facilities Technical/Operations –Wastewater and Water Facility Operations
- Process Water Solutions
- High Purity Water Systems and Service
- Innovative Wastewater Treatment Programs –High Tech Polymers, Alkaline Stabilizers, Bioaugmentation
- Certified Wastewater and Water Laboratory Analysis and Bench Studies

ARCHITECTURAL

- Sustainable Design–LEED
- Integrated Design
- Biophilic Design
- Space Utilization Studies
- ADA Handicap Accessibility Studies and Renovations
- Historic Preservation and Adaptive Reuse
- Rehabilitation and Renovation
- Interior Design
- Construction Administration
- Computer Rendering/Modeling (BIM)
- Design/Build Projects
- Regulatory Agency Approvals
- Project Scheduling
- Master Planning
- Construction Administration

STRUCTURAL

- Foundation Design
- Value Engineering
- Bridges and Grade Separation Structures
- Forensic/Investigative Engineering
- Retaining Walls and Dams
- Building Structures
- Structural Inspections
- Storage Tanks
- Swimming Pool Design and Renovation

SITE/CIVIL

- Site Selection/Conceptual Layouts
- Topographic and Boundary Surveying
- Preliminary and Detailed Site Engineering –Roadway, Parking, Signalization, Infrastructure
- Geotechnical & Wetlands Delineation Environmental Reviews Coordination
- Storm Water Management Design
- Representation at Planning Commission, Board of Zoning Appeals and Council Meetings
- OEPA & ODOT Coordination and Permitting
- Coordination of Aerial Mapping
- Traffic Signal Studies and Design
- Aerial Mapping Coordination
- Construction Staking
- Rezoning Coordination
- Economic Development Financing
- Rail Design

ELECTRICAL

- Electrical System Master Plans
- LEED Building Evaluations and Design
- Energy Efficient Indoor/Outdoor Lighting Retrofit Design
- Standby/Back-up Electrical Generation
- Alternative Energy Systems Evaluation and Design
- Transmission and Distribution
- Commercial, Institutional, Industrial and Environmental System Design
- Electrical Systems Analysis Studies
- ARC Flash Studies/Analysis
- Fiber Optic and Computer Network Cabling
- Underground Electrical Distribution System Evaluation
- Telemetry and SCADA System Evaluation, Design and Implementation
- Utility Substations
- Roadway Lighting
- Decorative Outdoor/Indoor Lighting
- Emergency Lighting
- Energy Audits

MECHANICAL

- Total Facility and Process Energy Usage Evaluations
- High Pressure Compressed Air Systems
- High Capacity Chilled Water Systems
- Plant Cooling & Ventilation Systems
- Steam Lines
- Steam and Condensate Systems
- Geothermal
- Natural Gas
- Plant Energy Efficiency Upgrades
- Heat Recovery
- Tower Free Cooling
- Pump Efficiency Improvements
- Facility Automation Systems
- Prescriptive Ventilation Systems
- HVAC Design
- Industrial Processes and Controls
- Plumbing Design
- Fire Protection
- Indoor Air Quality
- Process Utilities
- Utility Usage Studies

PLANNING

- Master/Comprehensive/Land Use Planning and Implementation
- Streetscapes
- Downtown Planning and Revitalization
- Financing and Economic Development Incentives/ Strategies
- Grantwriting/Funding Assistance
- Historic Preservation
- Government Relations
- Corridor or Neighborhood Development
- Strategic Planning
- Wayfinding/Community Branding
- Climate Action Plans
- Permitting and Zoning
- Housing Development

PDG is the midwest division of Kleinfelder, a Top 100 ENR Design Firm with over 2400 employees and 80 office locations. With expanded resources and service disciplines, we are able to provide enhanced services to our local clients.

INTEGRATED SOLUTIONS

- Architecture/Interiors
- Project Administration
- Electrical Engineering
- Environmental Engineering
- Mechanical Engineering
- Municipal & Regional Planning
- Project Financing Assistance
- Site/Civil Engineering
- Structural Engineering
- Surveying
- GIS Mapping
- Transportation Engineering
- Water/Wastewater Operations

More than 90%
of Our Projects

TRANSPORTATION

- Traffic Signal Studies and Design
- Bridges and Grade Separation Structures
- Traffic Impact and Capacity Studies
- Transportation Plans, Corridor Plans, Complete Streets Projects, Context-Sensitive Design Solutions
- Safety Studies
- Historic Structure Rehabilitation
- Bikeways and Pedestrian Facilities
- Bridge Inspections
- Storm Sewers, Detention/Retention Basins, Culverts, Pumping Stations
- Highways and Streets
- Computerized Pavement, Bridge and Sign Management, and Geographic Information Systems
- Downtown Enhancements and Landscaping
- Access Control Management
- Industrial Rail and Pavements
- Right-Of-Way Acquisition
- Construction Administration and Observation
- Level I/II ACI Certified Available
- ADA Curb Ramp and Sidewalk Design
- Street Lighting
- Ditch Design and Maintenance
- Airports and Support Facilities
